Principal's Message

This Week at School

It has been a positive and purposeful week across the school, with our pupils continuing to learn, reflect and enjoy their experiences in and beyond the classroom.

Our pupils in Grades 3–12 have now completed their examinations, and we are proud of the commitment and perseverance they have shown. Following their assessments, teachers have encouraged pupils to take time for self-reflection, considering what they have achieved, what they have learnt and how they can continue to develop. Reflection is an important part of the learning process and helps pupils take greater ownership of their progress.

Meanwhile, our Foundation Stage pupils are fully engaged in their classrooms, exploring, discovering and developing new skills through purposeful and enjoyable learning experiences. It is wonderful to see their curiosity and enthusiasm as they embrace each lesson.

We are also delighted to announce our educational trip to the UK, for the pupils in Grades 5-9 & 11 during the last week of November. This exciting opportunity will allow pupils to extend their learning beyond the classroom, experience new places and cultures, and create lasting memories with their friends and teachers. Further details will be shared in the circular.

As we move through the term, let us continue to make every day an opportunity to learn, connect and grow. School should be a place where pupils feel they belong, enjoy learning and have the confidence to discover what they can achieve.

“A happy school is where children feel they belong, learn with joy and grow with confidence.”

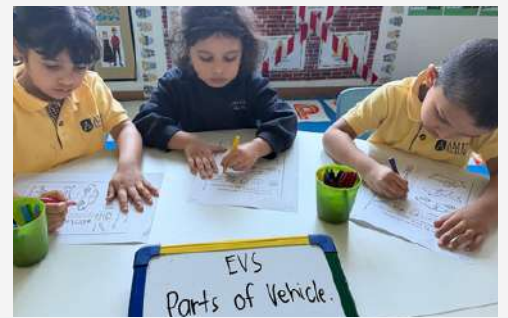

Wishing our pupils and families a wonderful weekend.

“One School. One Planet. Amity Leads.” Trees saved this week: 103.71 trees”

Principal, Amity School Dubai

Fun Learning in KG

This week, our little learners explored, played and grew! Through songs, stories, sensory play and hands-on games, children practised letters, numbers, colours and shapes. They shared, took turns and made new friends. Learning is best when it's joyful!

K2D Assembly on Tolerance

Last week, K2D shared what tolerance means: respecting people who look, speak, think or celebrate differently from us. We listened kindly, took turns and welcomed new ideas. Tolerance makes our school a happy place where everyone belongs. Remember: different is not wrong, different is wonderful! Let's keep spreading kindness!

Recognising Strengths and Using Them with Purpose.

This Wellbeing Wednesday, our Grade 1 and 2 students explored Meaning through Strength Spotting. Students reflected on their individual strengths and discussed how these can be used positively to help, support and encourage others. The session encouraged children to recognise what they do well while understanding how their strengths can make a positive difference within their classroom and community, reflecting the values we continue to nurture at Amity School Dubai.

Speak Up. Stand Together. Show Kindness.

Our Thoughtful Thursday session for Grades 1 and 2 focused on Standing Up Against Bullying. Through age-appropriate discussions and reflection, students explored the importance of kindness, speaking up when something is not right and supporting others who may need help. The session reinforced the role every child can play in creating a respectful and caring school environment.

Listen. Reflect. Stand Against Bullying.

Students of Grades 3, 4 and 5 participated in this week's Thoughtful Thursday anti-bullying podcast during Zero Period. The session encouraged students to reflect on respectful behaviour, recognise bullying, speak up when needed and support others in creating a safe and positive school environment.

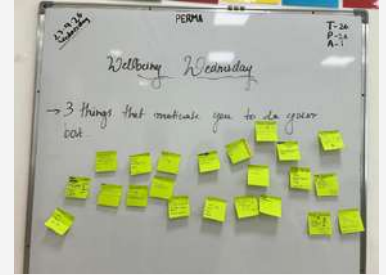

Exploring Interests. Building Skills. Growing Together.

Every Child Wins continues for our Grade 1 and 2 students, providing them with opportunities to explore interests beyond the classroom. Through sports, creative activities, performing arts, science and other engaging experiences, students continue to build confidence, collaborate with their peers and discover areas in which they can grow and shine. At Amity School Dubai, these experiences form an important part of our commitment to developing confident, well-rounded learners.

Wellbeing Wednesday – What Makes You Want to Learn?

This Wednesday, we explored the “inside spark” that motivates us to learn. Students reflected on the difference between “I have to” and “I want to”, and how curiosity, challenge, enjoyment and purpose can make learning more meaningful. We also explored the three conditions that help motivation grow — Autonomy, Competence and Relatedness — and connected these ideas to PERMAH and the power of Meaning.

Celebrating Literary Achievement- Tasha Ranjan 6C

A huge congratulations to Tasha on the publication of her novel, *The Night the Storm Broke*, and on receiving well-deserved recognition for her achievement. Her creativity, dedication and passion for writing are truly inspiring. It is wonderful to see her talent being celebrated, and we are incredibly proud of this remarkable milestone.

We wish Tasha continued success and many more exciting achievements in her writing journey!

Thoughtful Thursday – Friendship & Bullying

This Thursday, we turned our attention to friendship, kindness and bullying. Students reflected on what makes a healthy friendship, how our words and actions affect others, and the importance of speaking up and seeking help when something doesn't feel right. A simple reminder for everyone: Be kind, include others, stand up for what is right, and make sure no one feels alone.

ASD Boys Making History at The CBSE UAE Cluster Football Tournament!

Congratulations to the Amity School Dubai U17 Boys Football Team on becoming the first school football team to reach the Pre-Quarter-Finals of the CBSE UAE Cluster Football Tournament. Competing alongside 65 teams from across the UAE, the boys showed strong teamwork and determination throughout the tournament. Their run ended with a deflected goal in the final minute of a closely contested match. We are proud of the team and the milestone they have achieved for Amity School Dubai football.

Wellbeing Wednesday – 23rd September & Thoughtful Thursday

Students in Grades 9 and 11 led this week's Wellbeing Wednesday and Thoughtful Thursday sessions, with support from our Inclusion Team. For Wellbeing Wednesday, they explored Meaning from the PERMA model of wellbeing, encouraging their peers to reflect on the people, values and habits that matter to them and help them through challenges. Thoughtful Thursday featured a student-led podcast on friendship and bullying. Students discussed ways to include others, use kind words, speak up and seek help from a trusted adult. Both sessions gave students the opportunity to lead conversations that matter to our school community.

Amity Mathletes Shine at Mental Math World Cup 2026

Amity School Dubai proudly celebrates the outstanding performance of its students at the Mental Math World Cup 2026 (MMWC 2026), the 5th edition of this prestigious international competition organised by Live Math Competitions and League (LiveMCL). The competition brought together young mathletes from schools around the world to test their arithmetic agility and problem-solving prowess.

Our students delivered an exceptional showing, with several securing medals across multiple achievement tracks — ranking among the Top 10 World Rankers, the Top 3 Country Rankers, and the Top 25 Zen Master Challenge Rankers. This remarkable feat is a testament to their dedication, sharp mental calculation skills, and the rigorous practice they undertook leading up to the event.

The school extends its heartfelt congratulations to all the medal winners and participants for representing Amity on a global platform with distinction. We look forward to cheering on even more Mathletes in future editions of the World Cup!
