Principal's Message

The beginning of May brings with it renewed purpose, aspirations, and opportunities for learning across our school community.

Over the past few weeks, it has been wonderful to witness our students demonstrating adaptability and enthusiasm as they continue to settle into the rhythm of the academic year. Every classroom interaction, collaborative activity, and student achievement reflects the strong culture of learning, care, and excellence that we continuously strive to nurture at Amity School Dubai.

As educators, we believe that education extends far beyond textbooks and examinations. It is about shaping confident communicators, compassionate individuals and responsible citizens in an ever-changing world. This month, students will participate in enrichment opportunities, activities, projects, and experiential learning to strengthen skills and character.

We would also like to appreciate the continued support extended by our parents and families. Your encouragement, involvement, and partnership remain invaluable in helping us create a nurturing environment where every child can flourish academically, socially, and emotionally.

This week's distance learning assured our community that the school remains committed to ensuring continuity, connection, and engagement in every learning experience. We continue to work closely with families to provide the necessary guidance, support, and care to help students remain engaged in their learning journey.

This month, let us continue to move forward with optimism, discipline, kindness, and a shared commitment towards excellence in all that we do.

"One School. One Planet. Amity Leads." Trees saved this week: 23.16 trees"

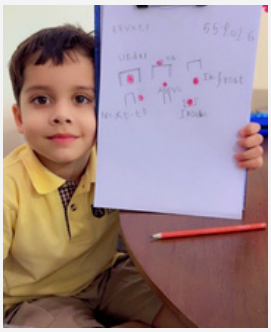
A Kaleidoscope of Learning Experiences



This week at school, our young learners engaged in rich and meaningful learning experiences across all year groups.

Pre-K explored the concept of homes in EVS, learnt the number 1 in Math, identified the color yellow, and strengthened fine motor skills through sleeping line patterns.

K1 investigated the sense of sight in EVS, were introduced to the letter sound ‘t’ in English, and developed number sense with number 4 in Math through hands-on activities.

K2 deepened their understanding of EVS by exploring properties of materials such as smooth, soft, hard, and bumpy, and were introduced to symmetry. In English, learners practised sentence formation using the letter sounds, enhancing early writing fluency.

A Blooming Tribute of Love for Our Mothers

This week, our virtual classrooms bloomed with love and gratitude as we celebrated Mother’s Day with great warmth and joy. Our little ones expressed appreciation through songs, cards, and affectionate messages dedicated to their mothers. It was a truly memorable occasion that honored the essence of motherhood in the most delightful way.

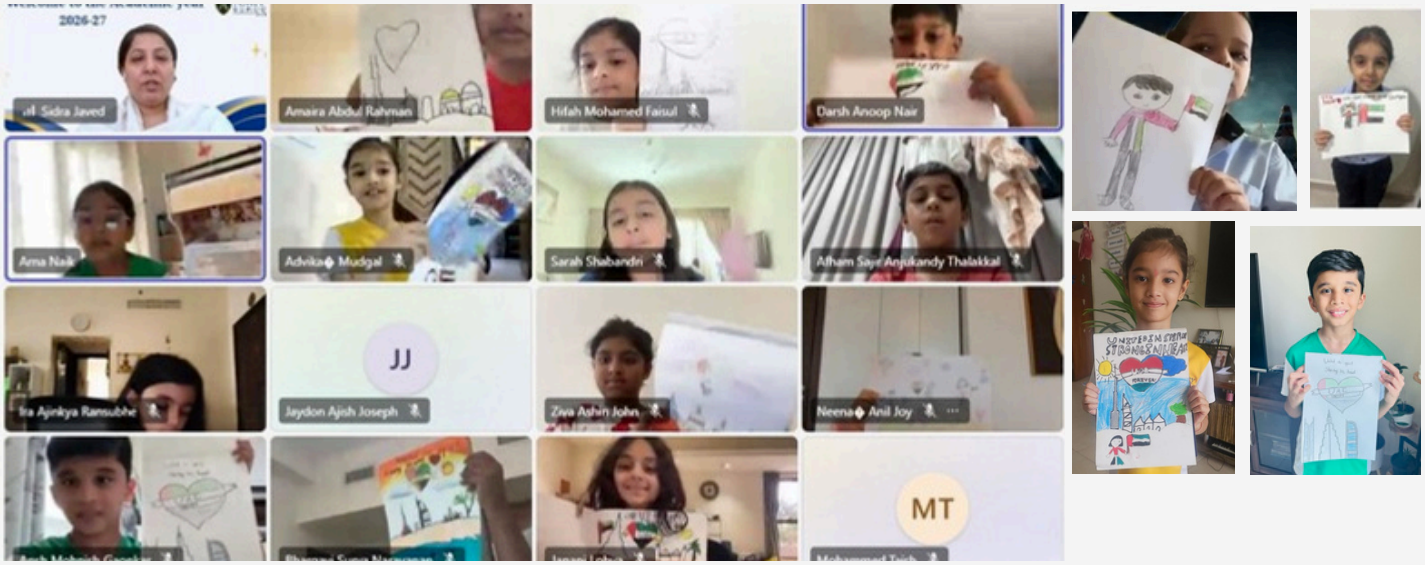
Exploring Beyond Academics: A Holistic Journey

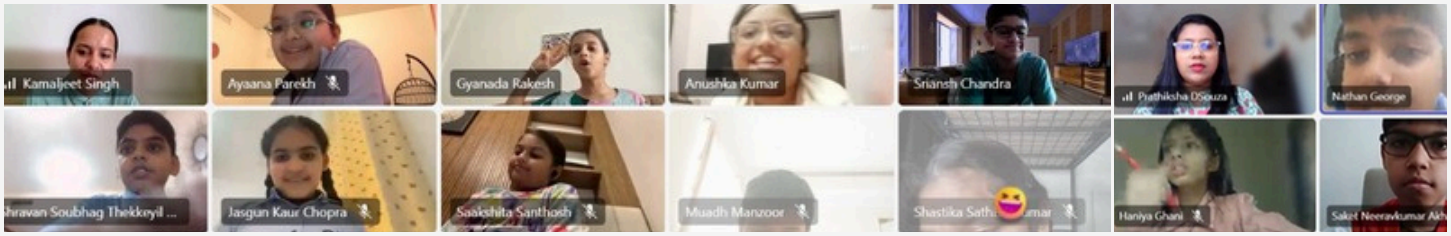
This week in co-scholastic areas, learners recited Surah Al-Fatiha in Islamic Studies with devotion and understanding. In Life Skills, they explored “cooking without fire,” building independence and creativity through guided activities. PE sessions focused on yoga for mindfulness and basketball-based movement for coordination. In CST, students were introduced to basic coding, sparking logical thinking and problem-solving skills. A well-balanced week that nurtured confidence, curiosity, and overall development across all domains.

Continuity of Learning Through Online Classes

Students and teachers adapted well to the online learning environment, following their regular schedules and participating actively in all subjects. Lessons continued in a structured and engaging manner, ensuring that learning remained consistent.



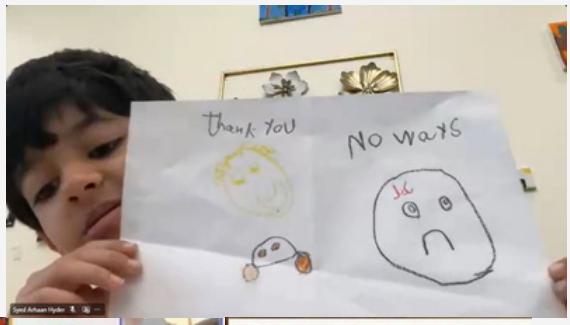
Focusing on Strengths



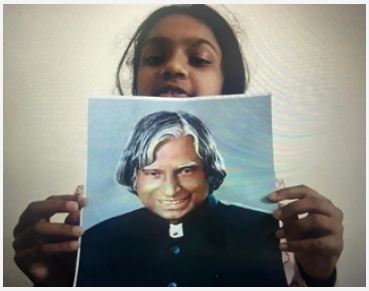
Wellbeing Wednesday centred on “Strengths – Spotting,” aligned with the PERMAH Model under the domain of Engagement. Students reflected on their individual strengths and were encouraged to recognise what they do well, helping them build confidence and a positive sense of self.

Building a Culture of Kindness

Thoughtful Thursday focused on Anti-Bullying, with an emphasis on kind words versus hurtful words. Students reflected on how their words can impact others and were encouraged to choose kindness in their daily interactions, helping build a positive and respectful classroom environment.



Celebrating English Week



English Week activities brought creativity into the virtual classroom. Students across grades participated in speaking and expression-based tasks that encouraged confidence and communication. For Grades 1 and 2, the Show and Tell activity provided an opportunity for students to present an object or image of their choice and share why it is special to them, helping them build confidence and strengthen their speaking skills.

Overall, the week reflected student adaptability, active participation, and focus on academic learning and wellbeing.

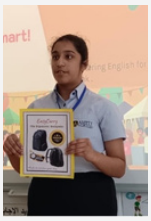
The Power of Words – English Week

English Week brought excitement, encouraging students to express themselves through performances and creative activities. Despite an unexpected shift to online learning midweek, students, teachers, and parents adapted quickly and continued participating enthusiastically, showing a strong passion for learning.

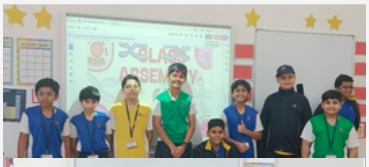


Wellbeing Wednesday

This Wellbeing Wednesday, students explored recognising their strengths and building confidence, happiness, and engagement in learning. Sessions encouraged self-compassion during challenges and change. Supporting this initiative, Ms. Akhila's Thoughtful Thursday Podcast promoted positivity, reflection, and emotional wellbeing.

Creative Showcase – Subject Enrichment

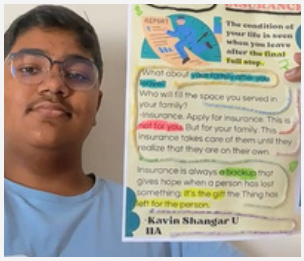
The week concluded on an inspiring note with a dynamic Subject Enrichment Activity in English, where students proudly showcased their creativity, communication skills, and learning with great enthusiasm and confidence.

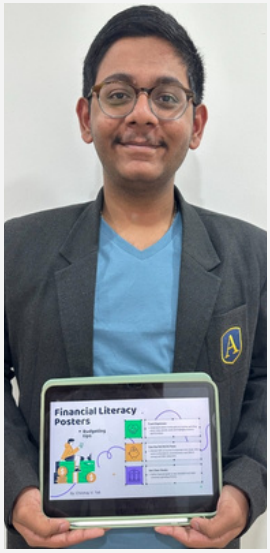


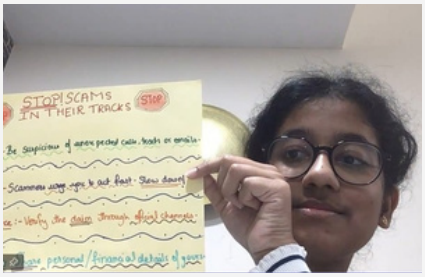
Proud hearts, grateful minds—honouring UAE Armed Forces.

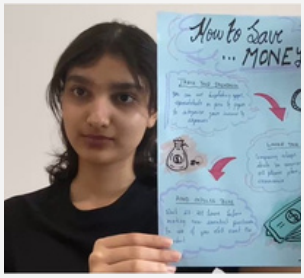
Marking the 50th year of the UAE Armed Forces, students expressed their pride and gratitude through heartfelt videos and creative artwork honouring the bravery and dedication of the nation's protectors. The initiative reflected strong values of unity, patriotism, and respect.

From awareness to action—building financially wise futures.



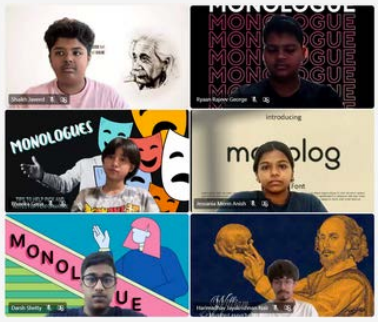






The Global Money Matters Initiative at Amity School Dubai encouraged students to explore real-life financial decisions through role plays and discussions. Students learned about smart spending, avoiding financial mistakes, and online scam awareness, helping them build confidence and responsible financial habits.

English Week - Where voices rise, ideas shine, and confidence takes centre stage.



English Week at Amity School Dubai transformed classrooms into platforms of creativity and communication. Through engaging activities such as monologues of renowned personalities, "Perspective Podium" (a Mini Shark Tank–style presentation), and live news reporting based on fictional and historical events, students showcased their ideas with confidence and clarity.

These experiences strengthened public speaking, critical thinking, and audience engagement, empowering students to become articulate, thoughtful, and impactful communicators ready to make their voices heard.
